

PROCESS COMPRESSOR CLEANING SYSTEMS

PC200~EX

PROCESS COMPRESSORS

PRODUCT DESCRIPTION

The PC200~EX is designed for industrial process compressors and is available in static and mobile forms.

The PC200~EX is fully self contained and simple to operate.

Using proven technology the PC200~EX offers the operator simple and effective control of process compressor cleaning.

The PC200~EX can serve multiple process compressor wash nozzle systems for both online and offline cleaning.

Every PC200~EX wash delivery system is fully factory tested and is designed for quick and easy installation.

The PC200~EX is available with a number of standard options and can be customised to suit your specific requirements.

Rochem is an approved ISO9001:2000 supplier

STANDARD FEATURES

- Stainless steel tank with level indicator
- Stainless Steel piping
- Exd Control Panel
- Exd Wash Injection Pump, 3.0kW
- Temperature Indicator
- Pressure Indicator
- Stainless Steel chemical drum suction tube
- Adjustable wash parameters
- Full Operating Manual and Data book
- Certificate of Conformity
- Proven, compact design
- Simple to install and maintain
- Minimum operator input time
- No chemical handling
- Suited to both on-line and off-line process compressor cleaning

OPTIONAL FEATURES

- Tropicalized pump motor
- Exd 12kW Tank Heater
- Automatic operation
- Remote control
- Mobile operation
- Cold Weather operation
- Thermal Insulation

TECHNICAL DATA

- Length**
1500mm (59 inches)
- Width**
700mm (27.6 inches)
- Height**
1635mm (64.4 inches)
- Pressure Range**
0-75Barg
- Tank Capacity**
200 litres (52.8 gallons)
- Power Supply**
380-415, 50Hz, 3ph
(other voltages available upon request)
